# 1 Outline

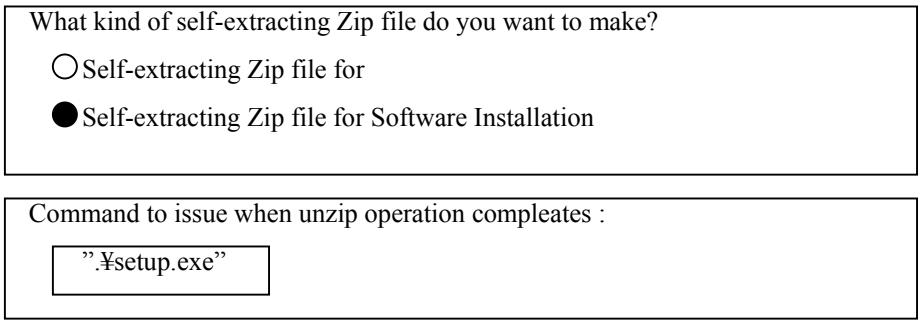

It became the error, when the installer contained in SDK was used and "Self-extracting Zip file for Softwaer Installation" was used in “WinZip® Self-Extractor”.

This is for ending after starting EXE to which Setup.exe actually processes.

# 2 How to use

Please create a self-defrosting file in the following procedure.

1. Please Create Arbitrary Holders.
2. Please copy the file which you made(Setup.ini, ***.cbea, readme.txt, and a license.txt) and Setup.exe of offer in this time to the folder. (There is not changed except Setup.exe)
3. Please Specify Copied File and Compress by WinZip®.
   (Please do not compress the folder. It is necessary to specify a file directly and to compress.)
4. Set the Following Option in “WinZip® Self-Extractor” and it is File Creation of Self-Defrosting Form.
